Villes headquarters

**Progettiamo e produciamo
esclusivamente nella nostra sede italiana**

***Nous projetons et fabriquons
exclusivement dans notre siège en Italie***

Dalla lunga esperienza maturata in più di 60 anni di attività nel campo delle lavorazioni meccaniche, nasce la vasta gamma di prodotti Villes2000.

Sistemi di scorrimento per ante e porte, tutti rigorosamente pensati, progettati e prodotti presso il nostro headquarters italiano, dal quale vengono esportati in tutto il mondo.

Our experience in mechanical engineering, gained in over 60 years' activity, is the origin of the wide range of products of Villes2000.

The sliding systems for doors are all designed and manufactured in house, in our Italian headquarters, and are exported all over the world

La nostra produzione | Our production

Mobile Furniture

Porte Doors

Box doccia Shower box

Vantiamo 48 linee di prodotti, da noi denominate "Serie".
Tutti questi sistemi ci consentono di gestire qualsiasi tipo di movimentazione di ante per armadi, porte e box doccia.
Investiamo costantemente molte delle nostre risorse in ricerca e sviluppo, per dotarci di innovazioni tecniche sempre all'avanguardia.

We have 48 product lines, which we call "Series."

All these systems allow us to manage any kind of movements for cabinets doors, interior doors and shower box.

We constantly invest many of our resources in research and development, that aim to equip ourselves with cutting-edge technical innovations.
